

NEW PRODUCT RELEASE

All-Terrain **LENTRY**® Legs now available for select **Pumps**

A new line of LENTRY Legs is now available which fit Holmatro DPU 31 PC pumps and Genesis Eco Silent Power pumps, increasing their life-span, ease of set-up and functionality. Also called Frames or Stands, all-terrain LENTRY Legs are made in the USA by first responders and are engineered to overcome unpredictable terrain and withstand rough handling.

- Allow set-up of pump on uneven ground, hills and stairs
- Legs extend a little or a lot, as needed
- Legs retract for storage and transport and protect the pump similar to a roll bar
- Each leg adjusts and locks independently with the turn of a knob, providing a flat, level surface no matter the terrain
- Straddle obstacles such as debris, hose and rocks
- Lift pump out of snow, sand, and standing water
- Raise pump controls within easy reach of operator
- Made of powder-coated steel, solid aluminum and the highest quality hardware
- Five-year warranty and lifetime factory support

It takes just a few minutes and basic tools to attach the legs to your Holmatro or Genesis pump!
